Honorable Judge Robert D Drain

My Name is Michael T O'Brien [REDACTED]

SOC [REDACTED] I still haven't received my claim # but I am expecting it some time this week. I just wanted to make sure I addressed the court in time so I didn't miss the date again.

I am writing this letter in regards to missing the bar date. Due to being incarcerated and the COVID 19 pandemic, I had no access to the law library. Due to filing passed the bar date, I am requesting permission to have my claim numbers accepted into the class action lawsuit. Being incarcerated during the pandemic has been very difficult receiving any information regarding the lawsuit. Please consider my letter as due to opiate addiction from prescribed medications (all documented) my life has taken such a drastic turn. I've lost everything, house, cars & all the family I loved and cared about. Thank you for your time and consideration.
